Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- provide focused and intensive teaching for students requiring additional support to demonstrate achievement against Annual improvement plan targets and regional benchmarks
- support teacher aides to extend student learning in reading in the early years of primary school
